

TEXT 'DEKI00 £10' (or other amount) TO 70070 TO DONATE TO DEKI CHARITY

Deki empowers people to break the cycle of poverty in the developing world through business training and microloans.

A loan from Deki has considerably improved Abla's life

Success story: Abla Azanlenko, Togo

Abla was struggling to pay her children's school fees before she received a loan of £390 through Deki and our field partner CODA. She now buys different food items in larger quantities for retail. Her business is going well and she is now also breeding pigs for sale.

As well as facilitating the loan, CODA have provided Abla with advice regarding the running of her business.

CODA taught me what I should do to increase my sales revenue, and how to manage my expenses to make a profit, +says Abla.

We connect individuals online through person-to-person microloans via our website www.deki.org.uk

Entrepreneurs create sustainable livelihoods, work their way out of poverty and become self-sufficient.

We take no commission from loans; we rely solely on donations to cover running costs.

Deki lends to entrepreneurs in Nepal, Ghana, Malawi and Togo.

How it works:

“With Deki I can see who is getting my loan. My loan goes to an individual or a cooperative as opposed to some large faceless organisation.”
